Subject: community monitoring in the Kearney Lake/Papermill Lake Watershed

Dear SWCSMH -

I'm trying to find out if anyone has organized a school or community-based ecological monitoring program of any kind in the Kearney Lake-Papermill Lake Watershed. If you have any information about this I'd appreciate it. I've looked at your website but can't really tell whether activities are ongoing or who is involved exactly. If you would have a contact for me I would greatly appreciate it.

Thanks very much -
