Ref.: our_combinedcontributions
To: **Mayor Peter Kelly, HRM**
From: S. M. Mandaville Post-Grad Dip., Professional Lake Manage.
Chairman and Scientific Director
Date: **April 24, 2008**
Subject: **Kindly make this announcement to the formal Regional Council on
our scientific contributions to the HRM!**

We herewith respectfully request that you notify the Regional Council during one of the Televised formal Tuesday sessions ASAP about the following and supply us with a copy of the announcement for which we salute you in advance:-

We gave scientific reports/studies, our Phase-I Predictive Models, and archive data worth atleast four hundred thousand dollars (\$400,000) to staff of the HRM without any financial remuneration.

This was as a result of numerous requests that Shalom M. Mandaville received directly from several professional staff via emails and/or phone calls, some of the staff now being with the Halifax Regional Water Commission.

The aforementioned \$400,000 intellectual property (IP) is part owned by our group and part by Shalom M. Mandaville.

This is over and above the year-2000 archive disk supplied to the HRM in 2005 as part of the written agreement dated April 27, 2005.

The value of the combined research of our group and of Applied Limnologist, Shalom M. Mandaville, is approximately two million dollars (\$2,000,000) to date. Some of this research is internationally cited in scientific textbooks, handbooks, and by Governments!
